

Declaration of disqualification, conflicts of interest and other ties for experts and specialists of the Swedish Radiation Safety Authority

Personal data

First name:
Martin

Last name:
Rööslü

.....
Title: PhD

.....
Committee/council/expert group:

Swedish expert group on EMF.....

I have read the Authority's information concerning disqualification, conflicts of interest and other ties in connection with my assignment as a member of the above-mentioned committee/council/expert group. In connection herewith, I have provided a description below of positions held by me, assignments or other circumstances which, directly or indirectly, might be deemed to have a bearing on my assignment from the Swedish Radiation Safety Authority.

1. Employment background

This refers to positions held in the immediately preceding past four years that might be viewed as related to the assignment from the Swedish Radiation Safety Authority. Please note that the past two years are attributed the greatest importance.

Name of employer	Position/function and relevant dates
Swiss Tropical and Public Health Institute	Head of unit: Environmental Exposures and Health

Initials.....MR

2. Boards, committees, councils and trade organisations

This refers to board and 'advisory board' assignments, assignments in committees, councils and expert groups, etc. of trade organisations, in scientific contexts or similar assignments.

Source of assignment (name)	Principal nature of the assignment and relevant dates
Member of the Scientific Council of the IARC (International Agency for Research on Cancer)	Since 2015
Federal Commission for Noise Protection: board member	Since 2012
Research Foundation Mobile Communication: foundation board member	Since 2011
Extraparliamentary Commission for Environmental Research of the Federal Office for Environment	Since 2011

Additional details

For all commitments listed above, I receive only travel allowance and no other payment.

The Swiss Research Foundation on Mobile Communication is a non-profit foundation that receives funds from mobile phone network operators and other companies (http://www.mobile-research.ethz.ch/english/index_e.htm). As a foundation board member, I do not receive any salary or other type of expenses.

3. Consulting assignments

This refers to consulting assignments over the immediately preceding past four years as a past or present employee or business owner that may be viewed as related to the assignment from the Swedish Radiation Safety Authority. Please note that the past two years are attributed the greatest importance.

Source of consulting assignment	Principal nature of the assignment and relevant dates
IARC Monographs on the Evaluation of Carcinogenic Risks to Humans Volume 102: Non-Ionizing Radiation, Part II: Radiofrequency Electromagnetic Fields [includes mobile telephones, microwaves, and radar]: working group	2011
Swedish part of COSMOS (prospective cohort study of mobile phone users): advisory board	Since 2010
Rapid Response Group (RRG) for the Japan EMF Information Center	Since 2009
Program Electromagnetic Fields and Health (EMF&H) from ZonMw in The Netherlands: committee member	2009-2015

Initials.....MR

Additional details

Allowance per year were less than 1000 € for all consultations listed above.

4. Other ties

This refers to:

- relatives or other personal relationship to someone conducting an activity encompassed by items 1–3 above,
- shares/options or a similar holding in an undertaking,
- other kind of tie to undertakings or associations,
- ties to undertakings or associations whose work is closely related to one's own field of expertise and which might be deemed as related to the assignment from the Swedish Radiation Safety Authority,
- holding a patent or other asset of intellectual property, commissioned professional assignments for another party or in one's own business/own activity or comparable form of or ownership of rights which might be assumed to have or be attributed a commercial value, and
- other short-term or long-term commissioned assignments of a more or less temporary nature that might be deemed as related to the assignment from the Swedish Radiation Safety Authority.

This disclosure refers to ties over the immediately preceding past four years related to the assignment from the Swedish Radiation Safety Authority. Please note that the past two years are attributed the greatest importance.

Activity	Name/context and relevant dates

Initials.....MR

Additional details

5. Other circumstances

This refers to circumstances which, to an outside party, might appear to serve as a factor that could influence you in your assignment from the Swedish Radiation Safety Authority.

For my research between 2008 and 2015 I received funding from the following sources:

- Swiss National Science Foundation
- Federal Office for the Environment
- Funding: European Commission, FP7-ENV-2011, FP7-ENV-2013
- EMF program of ZonMW, The Netherlands
- Tobacco Prevention Control Fund
- Federal Office for Public Health
- Research Foundation Mobile Communication
- Swiss Cancer League
- Cantonal Office of Waste, Water, Energy and Air, Zurich
- Anses - Agence nationale de sécurité sanitaire de l'alimentation, de l'environnement et du travail, France

I have no ties or other circumstances to disclose of the kinds referred to in items 1–5 above.

I undertake to immediately notify the Swedish Radiation Safety Authority in the event I should, within the duration of my ongoing assignment for the Authority, accept an assignment or receive a contribution/sponsoring by an undertaking, a trade organisation or other party whose interests are related to my assignment or which otherwise might be assumed to directly or indirectly have an influence on my assignment. I am aware that this disqualification declaration constitutes an official document which is usually made public.
